## Part I: Online Testing Scripts

Before beginning testing, be sure that the test sessions are prepared, started, and unlocked in PearsonAccess<sup>next</sup>.

### Administering the Online Tests

- Confirm that all testing devices are turned on and the TestNav Sign In screen for Kentucky is available.
- Prior to test administration, District Assessment Coordinators (DACs), Building Assessment Coordinators (BACs), Technology Coordinators (TCs), and Test Administrators (TAs) should review the technology infrastructure at their schools to ensure that networks meet security requirements.
- Provide each student with his or her own Student Testing Ticket, scratch paper, and pen/pencil.
- The Seal Code(s), per section, should be written and clearly labeled on the board for the content area the students are testing when directed by the scripts to do so. There will be one seal code for reading, one for on-demand writing and two for mathematics. The Quality of School Climate and Safety (QSCS) survey will not require a seal code.
- Complete seating chart for each content test.

# Part II: Paper Testing Scripts

## Scripts for Paper Testing

### Overview

This section includes instructions and scripts detailing the procedures to be followed for students with accommodated test materials (paper). To ensure a consistent and accurate test administration, instructions **must** be read aloud to students at the beginning of the test. The instruction scripts are printed in bold type and enclosed in boxes. Directions for test administrators are printed in italic type.

Note: All QSCS surveys must be completed online for the 2021 Spring K-PREP administration. Arrangements should be made for students receiving the Braille/Large-Print paper/pencil form of the test to provide the QSCS survey to these students through the TestNav system before the K-PREP paper/pencil administration begins.

Note: Reminder to allow for students needing extended time when developing test schedule.

## Completing Student Information-Accommodated Materials

**Estimated Time:** 10 minutes

Instructions below are to be used for students that will use an accommodated test materials kit (Braille and Large-Print) to test.

1. School and district name can be written on board for students to copy.

2. Say to the students:

**You are now preparing to begin the Grade 8 Spring 2021 Kentucky Performance Rating for Educational Progress (K-PREP) Test. IMPORTANT: On the front cover of the test booklet, please print your name at the top of the page where it says, "Student Name." On the lines provided below your name, please write your school name and district. When you are finished, set your test booklet aside.**

3. The Student Response Booklets (SRBs), included in the accommodated kits, will not be pre-printed (SRBs will be blank and the demographic information must be completed).

Say to the students:

**It is very important that you print the information correctly. Listen carefully as I read the instructions. Raise your hand if you have any questions. Mark only the spaces I tell you to mark. Do not make any stray marks on your student response booklet. If you make a mistake, erase your marks completely and then fill in the correct information. In Box 1, "Student Information," print your name, school and district name as done on the student test booklet earlier.**

## 4. Say to the students:

In Box 2, below “Student’s Last Name” print the letters in your last name, starting in the first box on the left. Do not leave any spaces between the letters in your last name. Then print the letters in your first name and middle initial in the appropriate boxes. If your name is longer than the number of spaces given, print as many letters as you can.

*[Pause.]*

Now, under each letter you have written, fill in the bubble that contains the same letter. You should not fill in any bubbles under blank boxes.

When you have finished, check that the letters in your name have been bubbled correctly.

*[Walk around to check that this is being done properly.]*

Box 3 is labeled “Birth Date.” Fill in the bubble next to the month in which you were born. In the boxes under “Day,” write the two numbers for the date of the day you were born. If your birth date is a single number, put a zero in the first box and the number of your birth date in the second box. For example, if you were born on the 7th day of the month, you would enter zero in the first box and 7 in the second box under “Day.” Under each number you have entered, fill in the bubble with the same number.

In the three boxes under “Year,” write the first two digits of the year in which you were born in the first box.

*[Pause.]*

Then, in the second and third box, enter the last two digits of the year in which you were born. Under each number you have entered, fill in the bubble below with the same number.

Box 4 is labeled “Gender.” Darken the bubble for either “Male” or “Female” to indicate your gender.

*[Pause.]*

**Box 5 will be filled out by the test administrator after booklets are handed in.**

*It is up to the test administrator to make note of students that need to have the “ACCOMMODATED MATERIALS” bubble gridded in after testing.*

*Before reading the information below for Box 6 the Test Administrator must write the room number on the board for the subject being tested. This is a four-digit field. If the room number is less than four digits, place zeros in front of the room number to make it four digits long. For example, if the student is taking a Reading test in Room 1, write Reading on the board with the room number 0001 below it.*

**Box 6 is labeled “Room Number Where Student is Tested.” Write the room number in the box for the subject being tested (Reading, Mathematics or On-Demand Writing) and then grid the numbers accordingly below.**

*Make sure all students are following this step.*

**Box 7 is labeled “SSID.” This may be filled out by the test administrator after the booklets are handed in.**

*Note: It is up to the test administrator to make note of students that need to have their SSID gridded in after testing.*

*Make sure students have correctly filled in their name, date of birth, gender, grade and that all bubbles are gridded before moving on.*

Once you have completed filling out the room number, please turn your student response booklet to the back page. This page contains the Student Honor Code which reminds you to act honestly before, during and after testing. Test administrators are also required to sign a form stating that we will act in an honest and professional manner. Follow along silently as I read aloud the K-PREP Student Honor Code.

**K-PREP Student Honor Code**

I understand the answers on this test must be my own work. Receiving test questions or answers from others is cheating. Giving test questions or answers to others is cheating. If I cheat before, during or after the test, my school may discipline me, and my test may not be scored.

**Below the statement there is a line, please sign your name.**

*Make sure all students are following this step.*

Note: If a student is unwilling to sign the Student Honor Code, testing should not be delayed; document the incident and proceed with the test.
